

HOW DALLAS-FORT WORTH AREA SCHOOLS RATE

The Dallas Morning News

Wednesday, September 14, 2016

The Texas Education Agency has rated all school districts and their individual campuses based on two categories: "Met Standard" or "Improvement Required".

HOW THE RATINGS ARE DETERMINED

MET STANDARD: District or campus met performance index targets on all indexes for which they have performance data in 2014. Schools under this category can be recognized with three additional "distinction" designations:

- 1. TOP 25% STUDENT PROGRESS:** Schools are compared with a group of 40 similar campuses on student progress in reading, math and writing as measured by STARR.
- 2. ACADEMIC ACHIEVEMENT IN READING:** Schools are compared with a group of 40 similar campuses on student progress in reading and English. Elementary and middle schools that rank in the top 50% earn the reading distinction. High schools rank in the top 33% based on attendance rates, advanced level performance on STARR reading and writing tests, ACT and SAT scores.
- 3. ACADEMIC ACHIEVEMENT IN MATH:** Same calculations as for reading.
- 4. ACADEMIC ACHIEVEMENT IN SCIENCE:** Same calculations as for reading.

IMPROVEMENT REQUIRED: Districts or campuses that did not meet one or more performance index targets.

HOW AREA DISTRICTS FARED

For a complete list of all school campuses, please visit:
